## DIRECTIONS FOR USE

SITUATION	RATE	CRITICAL COMMENTS
Surfactant/penetrant with herbicides and systemic insecticides	100-200mL/100L water	TITAN AcidSurf should not exceed 1% of the spray mix.
Glyphosate	100-150mL/100L water	Add TITAN AcidSurf to the spray tank first then add glyphosate.

## NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION

### GENERAL INSTRUCTIONS

TITAN AcidSurf is an acidifying, penetrating spreader and is suitable for use with herbicides and insecticides. It increases herbicide activity by better wetting and absorption and improved spray coverage. It also reduces the pH of the spray solution avoiding alkaline hydrolysis. Selectivity of selective herbicides could be affected. Consult the manufacturer before adding to selective herbicides.

### MIXING

TITAN AcidSurf mixes easily and quickly with water and should be added directly to the spray tank. It should not be added directly to undiluted sprays.

### PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or watercourses with the chemical or used containers.

### STORAGE AND DISPOSAL

KEEP OUT OF REACH OF CHILDREN. Store in the closed, original container in a cool well ventilated area. DO NOT store for prolonged periods in direct sunlight. DO NOT store below 0°C. Triple rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. DO NOT burn empty containers or product.

**Refillable containers:** Empty contents fully into application equipment. Close all valves and return to designated collection point for refill or storage.

### SAFETY DIRECTIONS

May irritate the eyes and skin. Avoid contact with eyes and skin. If product in eyes wash out immediately with water. When opening the container and preparing the product for use, wear cotton overalls buttoned to the neck and wrist, elbow length PVC gloves and goggles. Wash gloves and goggles after each day's use. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water.

### FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126; New Zealand 0800 764 766. If swallowed, DO NOT induce vomiting.
