PRODUCT DESCRIPTION

TITAN Vegetable Oil Ester Adjuvant is a methylated vegetable oil product with non-ionic surfactants for use as a Spray Adjuvant with a range of agricultural chemical products including herbicides, insecticides and fungicides.

IMPORTANT

Prior to use read all directions on this label and on the label of the agricultural chemical product being used.

GENERAL INSTRUCTIONS

MIXING

Follow the direction on the agricultural chemical product's label. Fill spray tank one-half full of water and add the required amount of the agricultural chemical product while agitating.

Add the required amount of TITAN Vegetable Oil Ester Adjuvant followed by remaining water and continue agitation until completion of spraying.

DO NOT mix products together before adding to spray tank.

COMPATIBILITY

TITAN Vegetable Oil Ester Adjuvant is compatible with a wide range of agricultural products, however all instructions on the chemical product's label must be strictly followed.

CROP SAFETY

Refer to the directions on the agricultural chemical product's label. Caution must be exercised when applying TITAN Vegetable Oil Ester Adjuvant with agricultural chemical products on sensitive crops during periods when plants are subject to drought stress, high temperatures or high humidity.

If in doubt about the appropriateness of using TITAN Vegetable Oil Ester Adjuvant, please test by application to a small area before using it on a full-scale basis.

SPILLAGE

In the event of spillage absorb onto sand or chemical absorbent. Remove residue with detergent and hot water. Dispose of by normal waste disposal methods conforming to local authority codes.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL

Store in the closed, original container in a dry, cool, well-ventilated area out of direct sunlight. Triple-rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. DO NOT burn empty containers or product.

Refillable containers: If returning containers for refill do not rinse, instead replace cap and return to designated collection point.

For 1000L containers: Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

SAFETY DIRECTIONS

Will irritate the skin. May irritate the eyes and nose and throat. Avoid contact with the eyes and skin. Avoid inhaling when opening the container. Wear protective waterproof clothing and rubber gloves. When using together with other products consult their label safety directions. Wash hands after use. After each day's use wash gloves and contaminated clothing.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126; New Zealand 0800 764 766.
