

Product description

- **Soluble concentrate (SL)**
- **Active ingredients in Perlan®:**
 - 19 g/L GA4/7 (high purity GA4)
 - 19 g/L 6-Benzyladenine
- **GA4/7**
 - Produced by fermentation
 - High purity GA4 (92-97%): unique to Fine source!
 - Limited amount GA7 (1-2%)

Advantages high purity GA4 in Perlan®

- ✓ GA4 is more active in controlling russetting
- ✓ GA4 has a greater effect on fruit size
- ✓ GA4 has less inhibitory effect on return bloom
